MPZ SPRAY LUBE

>>Description

Torco MPZ Spray Lube is a complete engine and mechanical component assembly lubricant in an easy application aerosol. MPZ Spray Lube is an aerosol version of MPZ Engine Assembly Lube. MPZ Spray Lube is a unique high-tech multi-purpose lubricant that stays put and won't let go. It leaves a heat resistant film that won't run, melt, drip, or evaporate off of treated metal surfaces. MPZ Spray Lube's concentration of anti-wear, anti-friction and anti-shock chemistries provide the highest degree of protection. Recommended for the assembly of engine components, transmissions, transfer cases, differentials, chain cases and sprocket drives. MPZ Spray Lube is completely oil soluble.

>>Features

- >An aerosol form of MPZ Engine Assembly Lube
- >Easy, quick and clean application
- >Completely oil soluble
- >Increase protection during break-in
- >Excellent adhesion properties to stay on and protect parts
- >Bright red color

>>Application

With many intended uses this product is recommended for the assembly of engine components, transmissions, transfer cases, differentials, chain and sprocket drives. Other uses may include tools, hinges, nuts/bolts, sliding parts, trailer hitches, and multiple industrial applications. Highly recommended for pre-lubing valves spring coils in high performance or racing engines.

>>Typical/Test Data

Description	ASTM#	MPZ Spray Lube
Appearance	Visual	Red

>>Directions

Completely oil soluble and compatible with petroleum and synthetic lubricants.

>>Package Sizes / P/N

Description	MPZ Spray Lube
10.8 Fluid Ounces	A56000ME
12/10.8 Ounces Case	A56000M
